Welcome to The Center of Reproductive Medicine!

We wanted to take this opportunity to welcome you to our practice. **We ask that you read all pages.**

Our mission is to provide the finest care in Reproductive Endocrinology & Infertility in a compassionate and professional environment. Our policy is to schedule your new patient appointment in which our physicians devote their full attention to your needs and questions.

We ask that you arrive 30 minutes prior to your scheduled appointment to complete any additional information that we may need.

In consideration of our other patients, we request a 48-hour notice of cancellation.

If your insurance policy requires a referral from your primary care physician it is your responsibility to obtain this referral prior to your scheduled appointment.

In the event you do not have your referral in place then you are responsible for all charges incurred during that visit. **We suggest you contact your insurance company in advance to determine if a referral is required.**

Female and male infertility questionnaires and consent forms are enclosed. ***We ask you to complete and sign all forms and return them to our office within one week of receiving your packet. We suggest that you make copies of all forms before mailing them to bring with you the day of your appointment just in case they do not reach our office in time***.

Please remember to bring your insurance card and driver's license with you. Our physicians suggest that your husband come with you. Please have your pertinent medical records mailed to us prior to your visit including laboratory tests, ultrasound reports, prior infertility treatments, operative notes, HSG & sperm counts. ***Enclosed is a records release for you to complete and fax to your OB-GYN or appropriate physician.***
